There is a separate show office for each race; open jackpot show office and Bonus Race show office) Horses cannot switch draw positions. If a horse already has a position drawn they cannot switch draw positions. Exceptions to horses moving draw positions are made if and only if another rider must use the horse because of additional BRF qualifications, etc., in this case it is up to show manager to allow the change.

RIDER SUBSTITUTIONS: May be made on site ONLY with doctor's release. New rider must have already earned a minimum of ONE qualifier themselves in the Bonus Race if they are requesting to sub-in for someone in that race. This change must be made at least 15 min prior to start time. Exceptions for subbing AFTER this deadline may be made in extreme cases and will be at the discretion of the show management.

If you lose your hat in the arena it is a \$5 fine payable to the barrel setter before you can get it back. FAILURE TO FOLLOW DRESCODE WILL BE DISQUALIFICATION. MUST MAKE IT TO ALLEYWAY WITH HAT/HELMET ON HEAD.

HOLD PEN/CHECKING IN: Read this – then read again! Know your draw numbers! Every year (unfortunately) we have to disqualify someone who does NOT make it to the hold pen in a timely manner. It is YOUR responsibility to KNOW the start times, and your draw number and keep track of what number they are on. You MUST be IN the hold pen before the gate official closes the gate for your group of five. The gate will be closed when the tractors park and WILL NOT be opened to let someone in. We will not wait on you. We ask that contestants exit and enter the pen in a timely manner. There will not be time to hang out in the alley after your run and take your boots off, and walk your horse around (you will need to do this outside the hold pen). The gate is to be opened and closed ONLY by the gate official during the drags. THIS IS FOR YOUR SAFETY. Please remain in the hold pen until the gate official opens the gate. At no time should a contestant or their family member open this gate. Failure to follow this rule may result in \$100 fine.

3 CALL RULE: All contestants checked in the hold pen will get 3 calls max. After call 3 the announcer will instruct the "official timer" to start a stop watch at 30 seconds and if rider is unable to get their horse down the alleyway in the 30 seconds a no time will be given. (disqualification). If you need a helper horse in the hold pen just let the gate official know. We will work with you.

NO TIME: A down barrel will be considered a no time. Broken pattern will be a no time. Circling or a horse turning around after their nose reaches the plane of the arena shall be considered a no time. Must maintain a forward motion. (you can circle in alleyway) but no turning around or circling after your horses nose reaches the end of it.

FINES: Circling a barrel more than once unless you are on the bottom of the drag, will be a \$50 fine payable before you can make any further runs. (DO NOT GO AROUND THE BARRELS MORE THAN ONCE WHEN YOUR FELLOW CONTESTANTS HAVE YET TO GO AFTER YOU PLEASE) Early arrivals (other than staff, vendors not approved by Renea Bolling, will be fined \$100/horse and asked to leave).

RUNNING ORDER: A horse MUST run in the position drawn. Failure to follow this rule will result in a DQ. (no switching draw positions) Make sure you are on your right horse (our own show manager had to disqualify themselves last year because they were on the wrong horse). No exceptions for ANYONE.
