PRODUCER GUIDELINES

We suggest the following guidelines be followed at every event, however it is up to each producer to run their own event under their own set of rules/guidelines. These are suggestions. The final decision belongs to each individual producer.

Entry fees and added money should be clearly advertised. Any added money advertised MUST be included in payout. Any event advertised as Bonus Race Finals approved MUST be turned into our office with results and payment. Failure to follow this rule will result in producer/event blacklisting.

Sanction fee should be taken off the TOP of the entry fee and no less than 70% of entry fee paid back. We recommend 75-80%. Office/barn/processing fee should be 1x/rider/day max.

Producers should post their rules at each event, so they are clear for everyone to read/follow. Rules should include payback %, rerun policy (if prior penalties apply or not), refund policy, dress code, entry deadlines, etc. If awards are to be given, please make it clear how those will be given at each event. A liability release form should be signed to protect the producer, facility, sponsors of each event.
